

National HVACR Educators and Trainers Conference

Cool Technology To Heat up Your Classroom

**Presented by James Devoe of
Delmar Cengage Learning**

Session:

Do you need to submit learning outcomes for your class?

Do you want more ways to assess your students?

Do you struggle with mixed level of students in your courses?

Come learn about the technology that is available for your classroom including CourseMate, WebTutor Advantage, Audio texts, DVDs and more. These resources allow you to better assess your students and target those who might need more help while engaging them all in learning HVAC.

What will I learn?

You will learn how you can save time while engaging your students more.

Presenters:

Jim DeVoe and Katie Hall of Delmar Cengage Learning.
